FINISH TYPES:

- ☐ super matt (5% sheen)
- ☐ matt (30% sheen)
- ☐ high gloss (95% sheen)

COLOUR SYSTEMS:

- ☐ NCS
- ☐ RAL K7

PRODUCTION:

- ☐ MDF is painted with polyurethane paint which makes coated surfaces perfectly smooth, easy to clean, moisture-proof, friction resistant, meanwhile the color and gloss remain unchanged for a long time.
- ☐ With CNC router, we can cut handles, grooves or edges of any desired shape.
- ☐ Production of parts according to customer's drawings.

THICKNESS:

10 - 40 mm
